<tr><td>試題內容</td><td colspan="4">If you sail between Hawaii and California, you'll find a big part of the ocean, as big as Africa, covered with garbage. Most of the trash comes from the land, by wind or by water, and some is thrown straight into the sea. Most of the trash is plastic: plastic bags, plastic cups, plastic cans, and a lot more.
__24__? Some just stays in the sea, some is washed onto the beaches, and, worst of all, some __25__. Many seabirds and sea animals that eat the trash in the sea die. Those that are lucky enough to live on may someday arrive on our dinner plate. What we throw away will all __26__ one way or another.
Keep in mind what happens to trash, and you may think twice before you throw anything away.
📖 ocean 海洋
(A) enters seabirds' and sea animals' stomachs
(B) stops seabirds and sea animals from growing up
(C) fills the living space of seabirds and sea animals
(D) goes down to the bottom of the sea and never comes up</td></tr>
<tr><td>疑義內容</td><td colspan="4">Some just stays in the sea, some is washed onto the beaches, and, worst of all, some __25__. Many seabirds and sea animals that eat the trash in the sea die. 這題答案我選(B) stops seabirds and sea animals from growing up. 原因：1. 文章中並未提及是年幼的海鳥還是成年的海鳥。2. 即使是成年的海鳥，牠們仍在成長，我認為成長不一定是體型一定要變大，也許長智慧、長歲數。</td></tr>
</table>

說明	1. 由“ . . . and, worst of all,”可知第 25 題克漏字與前兩句“some just stays in the sea, some is washed onto the beach,”文意應並列且一貫，即應與海上垃圾的去處有關。選項(B) stops seabirds and sea animals from growing up”無關垃圾的去處，與前兩句文意不連續，此為選項(B)不適合當正答的原因。至於海鳥是成鳥或幼鳥、成長(growing up)的定義、甚至海鳥是否因為吃了垃圾而長不大或長不了智慧等說法，皆與判斷此題正答無關。 2. 選項(A)“enters seabirds’ and sea animals’ stomachs.”說明了海上垃圾的去處，不僅文意與前兩句一貫，且與後句“Many seabirds and sea animals that eat the trash in the sea die.”文意緊密相連，因此選項(A)為本題克漏字文意最佳解。
